

Due to tolerance reasons, articles with the same letter marking must be ordered together.

This exploded view diagram illustrates the assembly of a multi-bottle beverage dispensing machine. The components are numbered as follows:

- 10, 20, 40, 70, 90, 150, 160, 190, 180:** These numbers point to various internal components including a top flange, a central cylindrical body, a spring mechanism, and a base flange.
- 200, 100:** These numbers point to small cylindrical components, likely nozzles or seals, located at the top of the machine.
- 60:** This number points to three bottles being dispensed by the machine.
- 140, 110, 170, 80, 210, 120, 30:** These numbers point to various components of the base and dispensing mechanism, including a base flange, a central ring, and multiple nozzles.
- 130, 50:** These numbers point to a side component, likely a handle or a lever, and a small circular component, possibly a seal or a cap.
